Grievances

A grievance is a perceived breach of your rights under the collective agreement. If you believe your rights have been violated, you may want to speak to a union representative for assistance. We can help you better understand your rights or, if necessary, file a grievance.

Personal Development Bursaries

Health and Safety

Ensuring the health and safety of Local 3905 members is everyone's responsibility. As such, if you have concerns with health or safety issues in laboratories, office spaces or work areas, we want to hear from you. Contact us at cupe@lakeheadu.ca

Office Space

Access to adequate office space is required for all members to complete their assigned duties as teaching assistants and research assistants at Lakehead University. If you lack proper office space or have other work space issues, we want to hear from you at cupe@lakeheadu.ca.

Local 3905 Graduate Award

Beginning in the Fall of 2011, the Local has established a Graduate Award to support members in their academic studies. The award consists of three, \$1000 dollar awards available to full time graduate assistants who demonstrate financial need and hold a minimum B average. Preference for one award will be given to international students and another to single parents. For application details contact the Faculty of Graduate Studies or cupe@lakeheadu.ca.

Local 3905 Personal Development Bursary

Each year, 15 personal development bursaries, each valued at up to \$500, are awarded to assist Local 3905 members presenting or speaking at conferences and events outside Thunder Bay.

To apply, fill out the "Personal Development Bursary" application form on the CUPE Local 3905 website. Personal development bursaries are subject to the guidelines listed below. Completed forms must be handed in to the CUPE 3905 office in UC 0021A. Any questions can be directed to cupe@lakeheadu.ca, or 807-343-8801.

Application Guidelines

The Local will award five personal development bursaries each semester to students who have presented research at an academic conference outside of the Thunder Bay area. Successful applicants will be reimbursed for the costs incurred to present their research, as proven with receipts, up to a maximum of 500 dollars. If more than five eligible applications are submitted, a lottery will be held to determine successful applicants.

To qualify for a bursary, members must complete the application form, along with evidence that the research was presented prior to the application deadline, complete with receipts detailing the costs incurred.

Personal development bursaries will be awarded towards the end of each semester. Application deadlines are as follows: August 1st, November 1st and March 1st.

Members can apply once for each conference that they have attended in the year prior to the membership meeting, as long as the member has not yet been awarded a personal development bursary for attendance at that conference.

Members who have submitted applications for more than one conference will only be awarded a maximum of one bursary per year, unless there are fewer than five entries total, upon which their additional entries become eligible for the remaining bursaries.

If all 15 bursaries are not awarded by the end of the academic semester, defined as the end of April, applicants failing to receive bursaries over the last year will be entered into a lottery to determine a recipient. Failing this, all remaining personal development bursaries will be awarded in the following academic year.

Message from the Chief Steward

Greetings CUPE 3905 Members,

It has been a pleasure and honour to serve as your Chief Steward for the past two years. Unfortunately as I am out of G.A.s I am no longer eligible to hold this position moving forward (must be a CUPE member in good standing...i.e. hold a Graduate or Teaching Assistantship). I would like to thank all the stewards over the past two years that served on the Council with noted appreciation to Aaron, Dan, and Rhiannon whom served with me for my entire stint as Chief Steward. To those current Steward's who are considering another year as

Faculty Stewards and the incoming Chief Steward, I wish you all the best in the future and will still be around campus if you require my assistance in any matter. To the past and current fellow Executive I would like to say it was great working with all of you particularly last year when we had to negotiate the new collective agreement with LU administration. The memories and experience were definitely worth the amount of work required. Finally to all members, I want to wish you well in your future endeavours whether they be academic or employment related, and to the new G.A.s, please remember that CUPE 3905 is here to work for you. Getting involved with your union is the best way to ensure that your concerns are addressed and that the mandate of CUPE 3905 is fulfilled.

Miigwetch for all the memories and best of luck moving forward in your respective directions.

In Solidarity,
Brendon M. Johnson
Outgoing Chief Steward, CUPE 3905
